Re: MB Docket No. 10-56

Dear Chairman Genachowski:

I am writing to express support for Comcast's proposed transaction with NBC Universal. As Captain of the Salvation Army Corp of Trenton, I can attest to Comcast's sincere commitment to help the less fortunate in the communities it serves.

Since 1886, the Salvation Army has provided social and spiritual services in the U.S. and throughout the world. Our work is possible due to the generosity of individuals and our corporate partners like Comcast.

Here in Trenton, Comcast has been especially committed to the career development programs which help prepare Mercer County's homeless for employment. Thanks to Comcast's support, we are able to provide job training services and the career and life counseling necessary for the homeless to reintegrate into society. Equally impressive is the dedication of company leadership to our cause. Comcast Senior Vice President David Breidinger has served on our board for many years; his service included a successful tenure as Chairman. We are continually grateful to David for his good work and the support he brings to our organization and to our community.

I am certain you will take great care in your decision-making regarding Comcast. During that process, please remember the good our largest corporations can do when they are committed to making a difference.

Thank you for supporting Comcast's endeavor.
